### **DETAILED ACTION**

***Note: This is in response to Amendment filed 06/01/2006.***

#### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 27-31 are rejected under 35 U.S.C. 102(e) as being anticipated by Hui (U.S. 6,589,267).

Hui discloses the claimed invention in figures 8-11, a pressure to pressurize a pressure cuff (208); a pressure port (248) allowing pressure into said pressure cuff (208); a source valve (248) interposed between said pressure source (234) and said pressure port (248); an occlusion sensing means for detecting blood flow past a pressure cuff (208); and a processor (202) instructs said source valve (248) to increase the pressure in the pressure cuff (208) when the occlusion sensing detects blood flow past the pressure cuff (208), furthermore, wherein the photometric sensor is mounted to the pressure cuff (208).

#### ***Allowable Subject Matter***

3. Claims 1-26 are allowed.

***Response to Arguments***

Applicant's arguments filed 06/01/2006 have been fully considered but they are not persuasive. With respect to claims 27-31, the Examiner disagrees with Applicant's remarks and has maintained the grounds of rejection under 35 U.S.C. 102 (e) as being anticipated by Hui '267 for the reasons as set forth in the above rejection.

***Conclusion***

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
